The Gettysburg Hotel, Est. 1797

shesonthego travel It's like Christmas came and swallowed up the whole town of #Gettysburg. But there's nothing more charming than a historic Christmas vibe like the one you'll find at @gettysburghotel. 🎄

Most people think of Destination Gettysburg as simply a battlefield that was key to the Civil War. I think of this beautiful town as the perfect place to spend a weekend picking up unique holiday gifts at [Lark](#), hearing a tuba concert on the steps of the [The Gettysburg Hotel, Est. 1797](#) and making a few gifts for family at [Board & Brush Gettysburg, PA](#). And I haven't even told you about the tour of Victorian homes yet! Or the comic book shop!!!
